O R D E R

On October 4, 1988, an informal conference was held pertaining to the above-styled matter. Notice was given to all intervenors of record, and the informal conference was attended by representatives of VeriCall Services, South Central Bell Telephone Company, and American Operator Services, Inc. ("AOSI").

At the informal conference there was considerable discussion of the substantive issues of the application of AOSI for authority to provide service within Kentucky. A memorandum summarizing the informal conference was prepared by the Commission Staff and has been made a part of the record of this case. On October 20, 1988, AOSI filed comments on the Staff memorandum.

The Commission is of the opinion that AOSI's application may be considered without a formal public hearing. The Commission is also of the opinion that in order to develop a complete record and discussion of the many issues in this case, AOSI and the intervenors should have the opportunity to file comments or

summaries of their positions on the various issues identified and discussed during the pendency of this case. Therefore, the Commission finds that the procedural schedule attached as Appendix A shall be established in order to complete the record relating to AOSI's request for authority.

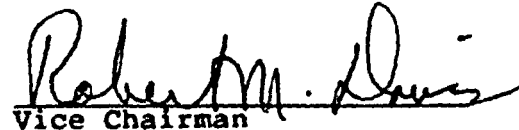

Having reviewed certain confidential exhibits filed by AOSI, the Commission is of the tentative opinion that AOSI has apparently provided and billed for services within Kentucky in violation of KRS 278.160. AOSI and the intervenors may file comments relating to the issue of possible refunds, and AOSI may request a public hearing to consider the refund issue.

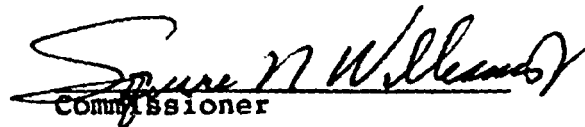

BE IT SO ORDERED.

Done at Frankfort, Kentucky, this 14th day of November, 1988.
